PALMER IS ATTACKED

His Pennsylvania Drive Was
"Ghastly and Debasing," Bon-
niwell Tells Committee

Washington, June 2.—A fiery cross
tabled between Attorney General
Palmer and Eugene C. Bonniwell of
Philadelphia, bristling with direct
charges of the misuse of federal power
to let down the liquor bars during the
Pennsylvania Presidential primary on
the one hand, and of attempted
"character assassination" on the
other, marked Senate investigation today
of pre-convention campaign ex-
penditures.

Palmer Appears Unexpectedly.
The attorney general appeared un-
expectedly in the committee room
during the luncheon recess after Mr.
Bonniwell had launched a broadside
of charges, including a sweeping as-
sertion that the whole Palmer cam-
paign in Pennsylvania had been a
"ghastly and debasing degradation of
law." Mr. Bonniwell was recalled to
the stand to finish his testimony, and
Mr. Palmer, the first candidate for a
Presidential nomination to appear at
the inquiry, took a seat across the
table from the witness, who, it was
brought out, was a political enemy of
long standing.

News of the impending verbal clash
before the committee spread rapidly,
and the hearing room soon was crowd-
ed. When Mr. Bonniwell concluded,
Mr. Palmer replied, opening his state-
ment with the charge that Mr. Bonni-
well had employed "character assas-
sination" methods against him in
Pennsylvania for years, and conclud-
ed it with the assertion that in Pen-
sylvania, "Judge Bonniwell's word is
not evidence of fact."

Echoes of the combat had hardly
died away before a new element was
added into the committee's delibera-
tions with the flat refusal of Senator
Edge, Republican of New Jersey, to
attend further sessions. In announcing
that he had notified the chairman of
the full committee and the chairman
of the sub-committee of his decision,
the senator said he believed approxi-
mate figures on all pre-convention ex-
penditures had been obtained and
that the inquiry would result only in
the making of charges, counter
charges, intimations and insinuations.
He added that no federal law had been
broken and there was no federal pres-
idential primary law to break.

Sock Light on McAdoo.
Before Mr. Palmer appeared in the
committee room, the committee in-
quired into the activities of the Plum
Plan league, made further efforts to
run down a presidential campaign for
W. G. McAdoo, and heard two officials
of oil companies who had been men-
tioned in previous testimony as pos-
sible large contributors to political
campaigns.

Edward Keating, manager of the
Plum Plan league, declared the
league had taken no part in any pre-
convention political activity, had not
contributed any money, and did not
plan to participate in the convention
struggle. He added, however, that it
did seek to defeat members of con-
gress who voted for the transportation
act.

Lowden Denies Contentions.
Chicago, June 2.—Governor Frank
G. Lowden tonight in a formal state-
ment disavowed for himself and for
his campaign manager, L. L. Emerson,
any illegitimate expenditures from his
campaign fund, and denounced the
two Missouri delegates who testified
before the senate committee as hav-
ing received contributions expecting
to vote for his nomination.

NO TRACE OF YEAR-OLD BOY
STOLEN FROM ITS CRIB

NORTON, Pa., June 2.—Blakeley
Coughlin, 13-months' old son of Mr.
and Mrs. George H. Coughlin, well-
known residents of this place, was stolen
from his crib early today and late to-
day the parents had found no trace
of the whereabouts of the boy. The
child was kidnapped from a second
story room, which was reached by the
robbers placing a long ladder against
the side of the house. The ladder
was taken from a nearby building op-
eration. The kidnapping occurred at
the Coughlin country home near Nor-
ton.

Tonight the police said they had
been unable to learn a motive for the
crime, and the county commissioner
offered a reward of \$1,500 for the ap-
prehension of the perpetrators of the
act.

K. OF C. CHOOSE COYLE

Glens Falls, June 2.—Dr. John
G. Coyle of New York was elected
deputy at the Knights of Colum-
bus convention today, to succeed
Michael J. Larkin of Rome. It was de-
cided to hold next year's convention
at Rochester.

FOR IMMEDIATE BOOST
OF RAILROAD WAGES

Shop Crafts Head Asks Increase
Pending Decision of Federal
Labor Board

Chicago, June 2.—Granting of an
immediate increase of 15 cents an
hour to all railroad employees, pending
final decision of the United States
railroad labor board, was urged at to-
day's session by B. F. Jewell, acting
president of the Railway Federated
Shop Crafts. The board also was re-
quested by representatives of the big
railway brotherhoods to close its pub-
lic hearings at once and go into exe-
cutive session to act on wage de-
mands.

The board would endeavor to reach
a decision as soon as possible, Judge
R. M. Barton, chairman, said in reply,
but desired to give a hearing to all
groups entitled. J. G. Luthers, presi-
dent of the American Train Dispatch-
ers' association, a new organization,
told the board train dispatchers and
chief train dispatchers received 2 1/2
cents to 3 1/2 cents an hour less than
their subordinates. He also said their
pay and disciplinary rights were insuf-
ficient to command the respect of the
men they supervised.

The proposed 30 per cent increase
was objected to by the dispatchers on
the ground that it still left them with
salaries below the minimum paid their
subordinates. Requests for an eight-
hour day, with compensation for over-
time and time and a half for Sundays,
were presented. E. T. Whiter, one
of the railway executives, declared
that his committee was unable to as-
certain beforehand just what the dis-
patchers' request would be, and his
rebuttal could not be prepared prop-
erly for tomorrow. Judge Barton
said, however, that the board would
meet as usual tomorrow to hear
what rebuttal the executives may
care to present.

COMPLETE TENTATIVE
REPUBLICAN PLATFORM

Senator Watson Goes to Chicago
Today to Confer With Re-
solutions Committee

Washington, June 2.—The tenta-
tive draft of the Republican national
platform was given its finishing
touches at conference here today, and
Senator Watson of Indiana, who has
been in charge of the task, will leave
for Chicago tomorrow to confer with
prospective members of the conven-
tion's resolutions committee.

The plank on Mexico was added to
the draft today. It was written by
Senator Fall of New Mexico and later
was revised in some minor respects at
a conference attended by a number
of prominent Republicans. It is un-
derstood to follow in general the recom-
mendations made by Senator Fall in
his report to the senate, declaring that
unless conditions in Mexico are im-
proved, the United States should in-
tervene.

All mention of prohibition is omit-
ted from the tentative draft, and it
was understood that those who con-
ferred here would recommend against
any declaration on the subject. That
issue, it was suggested, should be
regarded as settled. The tentative draft
contains a declaration, however, urg-
ing prompt ratification of the woman
suffrage amendment.

Another declaration still missing
from the platform is that relating to
the soldier bonus. The leaders here
said that a plank on the subject would
be worked out at Chicago.

No attempt was made to reach a
final decision on a plank relating to
the league of nations.

SIX MEN KILLED BY BLAST
IN PENNSYLVANIA MINE

Pittsburgh, June 2.—At least six
men were killed by an explosion in
the coal shaft of the Ontario Gas Coal
company near Cokesburg, Pa. today.
The men were buried under tons of
earth, and the foreman said he would
not be able to tell the exact number
of dead until the bodies had been re-
covered.

The men were employed by the re-
cently formed Ontario Gas Coal com-
pany in sinking a shaft for coal, and
reached the top of the coal late yester-
day. Soon after they went down the
shaft today to resume work there
was an explosion which dislodged
great masses of earth and buried ev-
ery man in the shaft.

STOLE MONEY FROM DEAD.

New York, June 2.—Charged with
the theft of \$20,000 representing mon-
ey taken from the pockets of unidenti-
fied dead at the city's morgue, Wil-
liam Decker, a clerk in the police ad-
ministrator's office, was arrested to-
night and locked up in police head-
quarters. He was taken into custody
while on his way to return some of
the papers which the police say he
confessed he had taken from the ad-
ministrator's files.

COWBOYS WANT \$10 PER DAY.

Los Angeles, June 2.—One hun-
dred and fifty cowboys employed in
motion picture work here struck yester-
day for an increase in pay from
\$7.50 to \$10 a day. The making of
pictures by six companies was held up
pending a settlement.

ROADS TOLD TO
OBEY ORDERS

Have Not Made Proper Deliv-
eries of Equipment, Commerce
Commission Charges

THREATENS TO ACT

Will Invoke Penal Provisions of
Interstate Commerce Law If
Relief Is Not Forthcoming

Washington, June 2.—Warning
that the penal provisions of the In-
terstate Commerce act would be in-
voked unless the railroads comply with
orders designed to relieve freight con-
gestion, was issued today by the In-
terstate Commerce commission.

The commission, in a telegram to
Daniel Willard, chairman of the As-
sociation of Railway Executives, said
that inspectors' reports had shown
that deliveries of equipment as or-
dered by the commission were not be-
ing made. The matter will be investi-
gated, the commission added.

The telegram to Mr. Willard was
signed by Commissioner Aitchison and
said:

"The commission desires to state
that the present emergency which led
the commission to issue its service
orders Nos. 1, 2 and 3, (relative to
interchange of freight cars; to abrogation
of inter-road contracts, and con-
tracts with shippers as to freight rou-
ting; and deviation of freight from regu-
lar routes), is of such grave charac-
ter that prompt compliance with the
orders in detail must be expected. Re-
ports which come to us from our
inspectors throughout the country show
that in many instances deliveries of
equipment have not been made as re-
quired by service orders 2 and 3. In
candor, the commission feels it should
state to executives or carriers who are
represented by the committee of
which you are chairman, that prompt,
full and literal compliance with these
service orders is expected, and that
violations thereof will be made the
subject of inquiry by the commission.
With a view to institution of proceed-
ings for the enforcement of the penal
provisions of the Interstate Commerce
act governing violations of orders of
the commission in such cases.

"The commission will appreciate it
if you will see that your committee
understands our position in this mat-
ter and that the policy outlined is
communicated to all carriers affected.
The public interests to be served in
this emergency require immediate and
complete compliance with these orders
so that the transportation needs of
the country may be even partially met.
It is hoped that compliance with these
service orders will be so prompt and
free that there may be no occasion
for recourse to the penalty section
of the act."

PALMER ANSWERS CRITICISM

Attacks Twelve Lawyers Who De-
nounced His Methods, Saying They
Aided Reds

Washington, June 2.—Attorney
General Palmer today discussed before
the House Rules committee the criti-
cisms of the department of justice in
regard to deportation proceedings
contained in a report of a committee
of twelve lawyers recently made pub-
lic by the National Popular Govern-
ment league.

"We find several of them (the law-
yers) appearing as counsel for com-
munist and communist labor party
members at deportation hearings," he
said. "I have difficulty in reconciling
their attitude with that of men who
have sworn to uphold the constitution
of the United States."

The attorney general told the com-
mittee that while he was before it
yesterday Assistant Secretary Post had
cancelled the deportation warrant of
Paul Bosco, a Russian.

At the deportation hearing, Mr.
Palmer said, Bosco told the im-
migration inspector he thought "the Red
flag should fly above the Stars and
Stripes because the red flag represents
internationalism."

LIPTON LEAVES FOR AMERICA.

London, June 2.—Crowds of wel-
shers sang "For He's a Jolly Good
Fellow" as Sir Thomas Lipton de-
parted by train for Liverpool this
morning to embark on the steamship
Celtic for New York to attend the in-
ternational yacht races, in which his
Shamrock IV will endeavor to win
the America's cup from the American
defender, Resolute, or Vanitie.

Newport, June 2.—The sloops Reso-
lute and Vanitie, aspirants for the
honor of defending the America's cup
against the Shamrock IV, will begin
their series of elimination trials to-
morrow. Both yachts were anchored
tonight in Breston's cove.

MILK RECORDS REMAIN.

Buffalo, June 2.—Justice Charles
E. Sears in supreme court today made
permanent an injunction restraining
the Holstein-Friesian association of
America from expunging milk records
made at the Pine Grove farm of Ol-
iver Cabana in Justice Sears held that
Mr. Cabana was entitled to a "fair
and impartial hearing" before any ac-
tion discrediting his records should be
taken by the association. The case in-
volved several million dollars to cat-
tle breeders throughout the state, be-
cause expunging of the records would
cast a cloud on nearly all the Holstein
herds in this section of the country,

UTICA PROFITEERS
ARE FINED \$55,000

Department of Justice Officials
Predict Lower Prices As
Result of Action

Syracuse, June 2.—Representatives
of the department of justice in Syra-
cuse tonight expressed confidence
there will be a further tumble in
prices as a result of heavy fines levied
in the United States court here to-
day on convictions for profiteering.

Judge Harland Howe featured the
closing of the term of court today by
levying a fine of \$55,000 on the John
A. Roberts company of Utica.

The fine of this Utica mercantile
corporation was the maximum which
could have been imposed under the
Lever act, which provides a penalty
of \$5,000 on each count upon which
a conviction is secured. With the
\$31,000 fine imposed upon Weeds, Inc.,
of Binghamton, last week by Judge
Martin Manion, a total of \$86,000 has
been assessed against the two cor-
porations convicted of profiteering in
the Northern New York federal dis-
trict.

Dennis B. Lucey, United States at-
torney, declared that all fines im-
posed in profiteering cases must be
impressive to serve as warnings.

The indictment, as moved against
the John A. Roberts company by As-
sistant United States Attorney Frank
J. Clegg of Syracuse, contained 12
separate counts. Of these the judge
refused to consider two and returned
a verdict of conviction on the other 10.

Ten of the 11 counts, on which con-
viction was reported, covered sales
which the government charged were
actually made. These sales, as ex-
plained by the government through
Department of Justice agents, were:
A dress bought for \$16.75, sold for
\$35.00; a dress bought for \$8.50, sold
for \$18.50; a woman's suit bought for
\$28.50, sold for \$55.00; a skirt bought
for \$9.00, sold for \$18.50; a coat
bought for \$7.50, sold for \$18.50; a
coat bought for \$27.50, sold for \$55.00;
a coat bought for \$27.50, sold for \$55.00;
a four coat bought for \$125.00, sold
for \$250.00; a scarf bought for \$5.50,
sold for \$25.

The eleventh count on which the
Roberts company was convicted charged
a conspiracy to obtain excessive
profits.

It quoted a list of 46 articles giving
their cost prices and figures at which
the government claimed they were
marked for sale.

The marked prices, as introduced in
evidence by the government, were on
the average in excess of 100 per cent
higher than the cost prices.

The two counts in the indictment,
which the jury refused to consider,
covered alleged sales. The jury con-
sidered that one of these counts was
a duplication of another on which a
conviction was reported, both articles
having the same cost and selling
prices. The other count charged that
a skirt had been sold.

The government failed to identify
this skirt in its evidence and the de-
fense proved that the number given
the skirt by the government actually
represented a dress.

HOTLY DEBATED CASES
MARK G. O. P. HEARINGS

Committee Seats Johnson Dele-
gates From Minnesota—Cum-
mings Visits Republicans

Chicago, June 2.—The Republican
National committee's hearing of con-
tents today was enlivened by some
hotly debated cases and also by a visit
of Homer S. Cummings, chairman of
the Democratic National committee.
Mr. Cummings, availing himself of
the open session, visited the hearing room,
where he became the center of a good-
natured reception which almost
drowned out the proceedings. He was
photographed with Republican Chair-
man Hays, and looked over the Coli-
seum for ideas to take to San Fran-
cisco.

In its day's work on the contents,
the committee threw out both sets of
delegates which asked seats for the
fifth congressional district of Missouri,
the Kansas City district. A fierce and
heated controversy was aired in a long
hearing.

Deciding the first case affecting the
strength of Senator Johnson's forces
in the convention, the committee, on
a roll call, voted to seat the delegates
from the tenth Minnesota district, who
are unopposed but counted as favor-
able to the California senator. The
defeated delegation was pledged to
the candidacy of General Wood.

FESS PRAISES G. O. P. CONGRESS.

Washington, June 2.—Representative
Fess of Ohio, chairman of the
Republican congressional campaign
committee, told the house today that
the present congress "has placed more
laws on the statute books than any
congress that ever sat."

Mr. Fess statistics showed the present
congress had enacted 28 laws and
resolutions, as compared with 200 by
the last Democratic congress.

LIFTING OF EMBARGO.

Paris, June 2.—Lifting the embar-
go on Russia and conclusion of peace
are indispensable conditions for the
resumption of commercial relations
between that country and allied na-
tions, Gregory Krassin has notified
Lord George, according to the Lon-
don correspondent of the "Excelsior."

PENROSE GOING TO CHICAGO.

Philadelphia, June 2.—Governor
William C. Sproul announced today
that Senator Boies Penrose, who was
elected chairman of the Pennsylvania
delegation, would attend the Chicago
convention despite his illness.

BARUCH HURLS
DEFI AT MASON

Demands He Substantiate De-
claration Baruch "Stole \$50,-
000,000 in Copper Alone"

CHARGE IS "INFAMOUS"

Mr. Mason, in Reply, Amends
Statement By Saying Baruch
Stole \$200,000,000

Washington, June 2.—Bernard M.
Baruch, former chairman of the war
industries board, today wrote to Rep-
resentative Mason, Republican of Illi-
nois, asking that he submit at once
to congress and the attorney general
the evidence which prompted him to
charge in the house recently that
Mr. Baruch had "stolen \$50,000,000
from the government in copper alone."

Mr. Baruch further demanded that
he "be immediately brought to the
bar of justice and condemned to pun-
ishment if found guilty and exonerated
if innocent from the infamous and
malicious charge you make against
me."

Mr. Mason, in a letter of reply made
tonight, said that since looking over
his previous statement, he would
amend it to say that "you and your
associates stole \$200,000,000 in cop-
per alone." He added that the mat-
ter on which he based his charges al-
ready was before congress in connec-
tion with the investigation of war
expenditures.

"You certainly do not expect me
to present this matter to your par-
ticular friend, Mr. Palmer, the attor-
ney general," Mr. Mason said, and
added "I shall if I live, ask the attor-
ney general of the United States after
March 4, 1921, to proceed civilly and
criminally against you and your as-
sociates."

Declaring that Mr. Baruch, when
head of the war industries board, had
appointed a cooperative committee on
copper with John D. Ryan of New
York as chairman, and presidents
and owners of copper-producing
plants in the United States as mem-
bers, Mr. Mason charged that this
committee had allowed copper pro-
ducers to buy at one price and sell at
another. He also charged that this
committee after the war permitted
100,000,000 pounds of copper, which
the government, he said, purchased at
23 cents a pound, to be sold back to
the producers at 15 cents per pound.

MEXICO DENOUNCES U. S. PLAN

Newspaper Declares "Humbug Is at
the Bottom of Yankee Character"

Mexico City, June 2.—Recommen-
dations that a new treaty be arranged
between the United States and Mexi-
co, coupled with the advice that if
Mexico refuses to enter into an agree-
ment to protect Americans, the United
States should intervene in this coun-
try, which were made by a sub-com-
mittee of the United States senate for-
eign relations committee, were de-
nounced by the newspaper Excelsior
today.

"Humbug is at the bottom of Yan-
kee character," says the Journal, "and
Barnum was the finished individual
of the species."

It adds that Senator Fall, chairman
of the sub-committee, proposes "the
acme of immorality."

General Manuel Pelaez, revolution-
ary leader has arrived here and con-
ferred with General Obregon. A staff
of eight generals and 50 other officers
accompanied Pelaez, and the entire
party was plentifully supplied with
gold coin, principally American.

General Silvestre Mariscal, former
governor of Guerrero, who has been
an opponent of the new Mexican gov-
ernment in that state since the fall of
the Carranza regime, has been wound-
ed and captured, according to a mes-
sage to General Obregon.

RETURN MANY BODIES HOME

Completion of Exhumation at Brest
Cemetery Sets Precedent.

Paris, June 2.—Completion of the
work of exhumation in the larger of
the two American military cemeteries
at Brest shows that 55 percent of the
bodies were requested by relatives,
possibly indicating the proportion to
be removed from all the American
cemeteries in France. The bodies re-
maining at Brest will be removed later
into one or two of the large fields of
honor.

The authorities are inclined to at-
tribute the requests of many relatives
that their soldier dead be allowed to
remain in France partly to the pre-
sent excellent condition of the cem-
eteries and graves.

The body of Private Harold F. Tur-
ner, son of Mr. and Mrs. Thomas Tur-
ner of Oneonta, which was recently
exhumed and returned to this city,
was buried at Brest in one of the
cemeteries referred to in the above
item. The body was removed at the
request of the deceased soldier's par-
ents.

MONKEY BREAKS UP COURT.

New York, June 2.—Minnie, a
bare-legged, red-jacketed, green-cap-
ped monkey, subpoenaed as star wit-
ness for the prosecution in a gambling
case, today successfully wrecked the
dignity of Magistrate Frothingham's
court.

Minnie was supposed to show how
she aided her owner in conducting a
corner-lot game of chance by pulling
out of a box numbered balls upon
which participants had placed bets.

Instead, this is what Minnie did:
Leaped onto the magistrate's desk,
causing the judge to duck; drained a
bottle of ink; hurled at an attendant
a glass of water he handed her as a
chaser; tore the coat of a detective
ordered to arrest her; and finally de-
parted from court screaming.

MAY SELL U. S. SHIPS
TO FOREIGN INTERESTS

American Shipping Companies,
However, Have First Chance to
Buy Government Vessels

Washington, June 2.—While giving
American shipping interests prefer-
ence in the acquisition of government-
owned tonnage, merchant marine leg-
islation as agreed on today by senate
and house conferees would authorize
the shipping board to sell vessels to
foreign interests should "diligent ef-
forts" to dispose of the craft in this
country fail.

Sales to foreign concerns, however,
could be made under the bill only by
a vote of five of the seven members
of the shipping board.

Legislation as agreed on would
direct the sale of the government-
owned vessels "as soon as practicable
with good business methods," but no
time limit for the sale is fixed. Pending
sale of the ships, the board would
be authorized to charter them to
American concerns.

Consideration of the conference re-
port will be taken up in the house to-
morrow, and following its expected
adoption will be called up without
delay in the senate in an effort to
secure final action before the expected
adjournment of congress Saturday.

As approved by the conferees, the
bill would require 75 per cent of the
stock in companies operating ships
in coastwise trade to be American
owned, with Americans holding the
controlling interest in ship companies
engaged in foreign trade.

The bill further empowers the board
to set aside annually for the next five
years \$25,000,000 to be used as a con-
struction fund from which to assist
American citizens in the building of
new vessels for the establishment and
maintenance of service on steamship
lines deemed desirable by the board.

CONCERTED ATTACKS
ON IRISH BARRACKS

Police Sergeant Critically Wound-
ed in Battle Near Belfast; Other
Disorders Reported

Belfast, June 2.—A concerted at-
tack was made on the Crossgar bar-
racks, County Down, 21 miles from
Belfast, early this morning. Efforts
were made from houses on both sides
of the barracks to blow up the build-
ing. They failed after two hours,
during which there were hot exchange
between the attacking party and the
police. Finally, the assailants with-
drew. Sergeant Fitzpatrick was shot
through the lung and is in a critical
condition.

Clara, Kings County, Ireland, June
2.—The police barracks here and at
Geashill were furiously attacked early
today but without success. The fusil-
lade of the attacking party lasted sev-
eral hours. The roadways leading to
both villages were blocked with trees
that had been felled across them, while
the nearby railway line had been torn
up. No casualties have been reported.
Military and police reinforcements
have arrived.

Tralee, Ireland, June 2.—Raiders to-
day, after a two hours' fight with the
police at Fenit, County Kerry, satur-
ated the barracks with oil and burned it.
The raiders camped on the approach
of naval men from a torpedo boat de-
stroyer. A sergeant and a constable
were wounded during the fighting.

DEPUTY SHERIFF PAYS \$50
FINE FOR PLAYING "JOKE"

Yonkers, June 2.—It cost Deputy
Sheriff Aubrey Pettit of Nassau coun-
ty a \$50 fine for speeding to be "in"
on a joke played by his superior, Sher-
iff Charles Smith, and two other de-
puties, on a traffic policeman who stop-
ped the automobile in which they
were driving from Sing Sing prison
to Belmont Park. He was fined to-
day by City Judge William Bleakley,
after admitting that he had driven 35
miles an hour.

Sheriff Smith, who was in court as
a witness, admitted that he tricked
the policeman by handcuffing his two
subordinates and reporting that they
were prisoners, and that speed was
necessary, and that he afterwards told
the story to newspapermen.

"You fellows have had your joke
and now we will have ours," said
Judge Bleakley in imposing the fine.
He told Pettit that as an officer he
had no right to quietly sit by while
another officer was being deceived.

WOULD QUASH INDICTMENTS
AGAINST WOOLEN COMPANY

New York, June 2.—A motion to
quash the federal indictment returned
last week against the American Wool-
en company of New York, the Ameri-
can Woolen company of Massachusetts,
and W. M. Wood, president of
both companies, charging them with
profiteering in sales of wool cloth
was argued before Judge Mack of
United States district court here today.
Charles Evans Hughes, counsel for
the defendants in arguing for the mo-
tion, contended that the indictment
which contains 14 counts alleging 14
specific sales of cloth at "unjust and
unreasonable" prices, did not charge
any crime. He maintained that cloth
or pieces of cloth alone are not wear-
ing apparel and that sales of cloth do
not constitute sales of wearing apparel
under the Lever act, which the in-
dictment charges was violated.

HONOR JOURNALISTS' MEMORY.

New York, June 2.—As a tribute to
the memory of William T. Stead, well-
known English journalist, who lost
his life on the Titanic, a memorial
academy, will be unveiled on
July 3 on the Thames embankment.
London. A replica of this bust will
be unveiled on the same day under
the auspices of the American Stead
Memorial committee at the East 91st
street entrance to Central park, this
city.

PALMER METHOD
OF SUGAR PRICE
FIXING ASSAILED

Gave Apparent Govern-
ment Sanction to High
Prices, Is Charge

EXCEEDED AUTHORITY

Honse Investigating Committee
in Submitting Report, Makes
These Charges

Washington, June 2.—The sugar
investigating committee, in a majority
report presented to the house today
declared that Attorney General Pal-
mer has used his power as chief pro-
secuting officer of the government "for
the purpose of fixing maximum selling
prices of sugar in Louisiana and in
so doing acted wholly without author-
ity of law and in violation of his own
construction of his official duty."

The report, prepared by Representa-
tive Husted, Republican of New York,
as chairman, charged that the legal-
istic method adopted by the attorney
general was "wholly ineffective as a
means of price control," and that "it
gave apparent governmental sanction
to extremely high sugar prices, which
excited the cupidity of Cuban prod-
ucers and caused an advance in the
Cuban market."

Eight Findings in Report.
There were eight findings in the
majority report, the resolution intro-
duced by Representative Tinkham,
Republican of Massachusetts, calling
for an investigation, confining the
committee inquiry to Louisiana sugar.

"The attorney general," said the
majority report, "on the eighth day of
November, 1919, gave his official ap-
proval to a tentative arrangement
made by United States Attorney Hen-
ry Mooney with a committee repre-
senting the sugar planters of Louisi-
ana, by which was established a max-
imum price of 17 cents per pound for
prime yellow clarified sugar, and 18
cents per pound for clear granulated
sugar, net on plantation."

"The above stated prices were fixed
by said arrangements for the entire
Louisiana 1919-1920 sugar crop:

"The attorney general, fixing said
prices at a time when he considered
prices at a time when he considered
vied by his representative in Louisi-
ana, United States Attorney Henry
Mooney, that such prices were in ex-
cess of the fair average price for the
crop, and when he had reason to be-
lieve that the entire crop could be
purchased at 14 or 15 cents per pound.

IMMUNITY OF PROSECUTION.

"Under the arrangement effected by
the attorney general with the com-
mittee representing the sugar planters
of Louisiana, immunity from prose-
cution for profiteering was conferred
upon any and all persons who might
sell at or under the prices fixed by the
attorney general, whether such prices
were in violation of the Lever act or
not."

"The attorney general used his power
as chief prosecution officer of the
United States for the purpose of fix-
ing maximum selling prices of sugar
in the state of Louisiana, and, in so
doing, acted wholly without authority
of law and in violation of his own
construction of his official duty, which
precluded him from placing any in-
terpretations upon United States crim-
inal statutes under which possible
violators might escape prosecution."

The majority quoted from testimony
of Herbert Hoover before the com-
mittee that "the action of the attor-
ney general was an apparent govern-
mental fixation of high sugar prices,
which probably increased the price
of Cuban sugar."

STOCK EXCHANGE IN
SUSPENDED ANIMATION

Transactions For Full Session Scarcely Total 450,000 Shares During Desultory Day

New York, June 2. — The stock market was in a state of suspended animation during the greater part of today's desultory dealings, transactions for the full session scarcely totalling 450,000 shares.

Price tendencies were mainly downward again, although losses except among selected issues were partly retrieved when the money market developed unexpected ease and the shorts found it expedient to cover.

Call money opened at eight percent, a reduction of yesterday's sharp rise, but relaxed to six percent in the last hour on a surplus of offerings, to which out-of-town banks made substantial contributions. A steeper tone prevailed in foreign exchange, especially the London quotations.

Advances dealing with industrial conditions were conflicting, the equipment companies reporting moderate buying, while additional curtailment of operations was indicated in the woolen, cotton and leather industries. Larger deliveries of finished steel and iron products reflected further relief in the freight situation.

Aside from the relative firmness of low-priced rails and pressure against investment issues of that group, stocks showed no alteration from their recent hesitant tone. The moderate rally in the final trading made greater headway in speculative issues than among standard shares, where net declines ruled.

Dullness in stocks extended to the bond market, with Liberty issues experiencing further depreciation, in some instances yielding one percent. Speculative or convertible railroad bonds were firm.

SYNOPSIS

The story opens at the store of Warden & Jailer, expert decorators and paper-hangers. Comedy is at its height when the firm receive a rush order to decorate a fashionable residence. Here, Al St. John's trust bicycle plays an important part in the story.

In their confusion, they enter the wrong house, where Miss Ima Simps is entertaining the town elite with an afternoon tea. While the guests are in the dining room, the "firm," unaware of their presence, enter the parlor and immediately become very busy redecorating and painting the beautiful home according to their own ideas.

UNADILLA NEWS.

G. A. R. Participates for Last Time as Organization in Memorial Day.

Unadilla, June 2. — The 1920 celebration of Memorial day will not be forgotten very soon by the residents of the town or any who attended. It being the last time that the G. A. R. post, G. A. R., would ever appear as an organized body, every effort was made to make it a banner celebration. A parade formed promptly at 10 o'clock consisting of the local band, fire companies, Scouts, Legion and the G. A. R. in cars. In the assembly hall of the high school the Hon. C. C. Pliesch delivered the address of the day reviewing briefly the history that leads up to Memorial day. He also spoke of the two heroes who laid down their lives for the cause of liberty in the recent war and concluded his address by bidding the thirteen members of the G. A. R. post good-bye and complimenting them on the successful lives they have lived. After the ceremony in the cemetery, the home service of the local chapter Red Cross served a dinner to the band, American legion and G. A. R. post.

Baseball Chatter.

The town team played their first

home game Monday against the Joyce-Bell post American legion and it was some game. The game was played in a spirit of fun and even though the legion had their own man for a score keeper they could not beat our strong town team. Never was there a game on our home field that such a good natured rivalry existed. As to the final score, we think it is enough to say that both teams got less than twenty runs.

Personal.

George Whitaker, Clarence Helm, Raymond Loomis and Mr. and Mrs. Stanley Earl left Tuesday morning for Buffalo to drive new cars in for Whitaker & Son. — Mr. and Mrs. Frank Day and Mrs. Fred Trumble motored to the home of the latter in Vermont over the week-end. — Miss Katherine C. WORCESTER WOMAN INJURED.

Thrown from Auto When Two Cars Collide—Autoist Runs Away.

Worcester, June 2. — Early last Saturday evening quite a serious accident occurred in the upper end of this village. Mrs. Minnie Umbach and three sons were riding in a Ford car when another Ford came up behind and on passing the wheels interlocked, throwing the first machine over the end of a culvert. Mrs. Umbach was the only one seriously injured and was taken immediately to the Fox Memorial hospital and it is thought that she will recover. The car was badly damaged. The other car contained two men

who seemed to take it lightly, not stopping to find out the result of the collision, and no crew of them is known.

R., Spanish American and World War Veterans, Woman's Relief corps, Boy Scouts, citizens, teachers and pupils of the high school, was led by P. R. Hadsell to the cemetery, where the usual exercises were held, and thence to the Wieting, where a very pleasing program was given. Rev. C. B. Henry, pastor of the Methodist church, delivered a very inspiring address.

Baseball fans were privileged to see the game between Schenectady and Worcester, which resulted in a score of 5 to 1 in favor of the visiting team.

GUILFORD COUPLE MARRIED.

Phillip Odell and Miss Estella E. Greene United at West Oneonta.

West Oneonta, June 2. — Phillip M. Odell and Miss Estella Ernestine Greene, both respected young people of Guilford, came to West Oneonta today and were married this morning at 11:20 o'clock at the Free Baptist parsonage by their former pastor, Rev. M. C. Miner, who before coming here was at one time located at Guilford. The ring service was used.

The couple were unattended and after the ceremony left by auto for an extended honeymoon trip to points along the St. Lawrence river. Upon their return they will make their home on the groom's farm, midway between Guilford and Mt. Upton. The bride, who wore an attractive navy blue suit, is a popular young woman of Guilford. Her husband owns and operates a farm and large dairy there.

Schenectady, June 2. — The Memorial observance, which took place in our village on Saturday, May 29, was one long-to-be-remembered by the large number of people who were present. At noon 23 veterans of the Civil and World wars were entertained at dinner at the Masonic hall, the ladies of the Woman's club having charge of this part of the program. THE TWO CONVENTIONS.

Democrats and Republican leaders alike are busy making last preparations for the national conventions, to be held the present month at San Francisco and Chicago respectively; and in addition to the regular routine arrangements, they are completing plans for lively contests in each for the nomination for the presidency.

At San Francisco it does not appear that the contest is likely to develop as many candidates as will from the first be in evidence at Chicago. There will be delegates present pledged for Secretary Palmer, and doubtless a considerable representation for McAdoo, while had Hoover not definitely cast in his lot with the Republicans he would not doubt have received a considerable vote. President Wilson has not announced that he is a candidate for re-election, but neither has he stated that he would not accept it, and there are indications in plenty that he expects in a large measure to dictate the platform and policies of the convention. As for Bryan, he will be a delegate to the convention, not openly as a candidate but in a receptive mood and from beginning to end to be reckoned with.

At Chicago there are already several prominent candidates in the open, the two most prominent so far as pledged delegates are concerned, being General Wood and Senator Hiram W. Johnson. The former has the lead in pledged delegates, but the other runs a fairly close second, and neither has such a number as will enable him to win without a large drift from the unpledged states, or from states where their own favorite sons fail to demonstrate strength in convention. Hoover, Lowden, Coolidge and Harding are some of the alternative candidates, and it is not improbable that others will develop.

One of the peculiar situations which lately have developed in Illinois, where the state is instructed for Lowden, but a majority of the Chicago delegates have district instruction for Wood. It is claimed by those believed to know, that since these delegates are actually mere henchmen of Thompson, the Chicago mayor, that in the beginning they will use their district instructions to break away from Lowden and later swing to Johnson, who is said to be the real favorite of Mayor Thompson. In view of the low repute of Thompson in war days, and his admitted pro-Germanism at times when everybody should have been devotedly loyal, it would appear that his support of Johnson might do the latter more harm than good in the convention, and if nominated, in the subsequent election.

Two Speeders in Court Tuesday.

Another tourist was arrested yesterday for exceeding the speed limit in the streets of Oneonta, and was fined \$10 by Judge Huntington. He gave his name as J. Brechin and he was apprehended while driving at from 30 to 35 miles an hour along Main street.

Earlier in the day, George Waters of this city paid a \$5 fine for the same offense. He was arrested Sunday afternoon.

Three other motorists were in court yesterday but were given suspended sentences, they having violated minor traffic ordinances of which they claimed they were in ignorance.

Ice Cream Social Nets \$23.

So far as has been reported, the first ice cream social of the season took place last evening on the lawn of O. A. Hubbell's residence, Lower Chestnut street. Throughout the evening, which was an ideal one for the consumption of ice cream, a large number of "West-Enders" spent an hour or so at the social, and the supply of Purty rapidly diminished. The proceeds of the sale, which was under the auspices of the Ladies' Aid society of the Elm Park Methodist church, were \$23.

Expected to See Border Service.

Private Frank Hawkins, of the regular army, who is stationed at Camp Meade, Md., is spending a few days of furlough with his mother, Mrs. Rhoda Hawkins, of 18 Yager avenue. Private Hawkins, who re-enlisted after serving during the war, is now a member of the tank corps at Camp Meade and expects soon to be ordered to service with his unit on the Mexican border.

Native of East Worcester.

Dr. Ernest Lynn Waldorf, who was the third of the bishops elected at the recent general conference of the Methodist Episcopal church at Des Moines, Iowa, is a native of East Worcester, and is well known in that portion of Otsego county and in Schoharie. Until his election, he was stationed at Cleveland, Ohio.

Charged with Non-Support.

Serrell Thorne of 11 Otsego street, who early in the week was arrested by Officer O'Dell, charged with failing to support his wife, who was the complainant, has been ordered by Acting City Judge Hathaway to pay his wife \$6 weekly for her support. If Thorne fails to carry out the court's ruling, it is probable that further action will be taken against him.

CRIST PLANT TO BE SOLD

BIG PUBLISHING BUSINESS AT COOPERSTOWN GOES UNDER HAMMER.

Referee Will Dispose of Holdings to Satisfy Second Mortgage—Further Foreclosure Pending on Behalf of Holders of Prior Obligations.

As a result of a judgment by default, entered in the supreme court before Justice Kellogg in this city Saturday, the plant and property of the Arthur H. Crist company will be offered for sale at public auction at the front door of the Crist plant in Cooperstown on Thursday, July 15, according to an order signed Tuesday by Fletcher A. Blanchard, appointed by Judge Kellogg as referee under foreclosure proceedings.

Notice of the sale is published for the first time this week, and the notice is directed against the now-named corporation as defendant, as well as against Santo Sapone and George W. Jones as co-defendants. Stripped of its legal phraseology, the notice declares that the real estate known as the Crist property, together with "all and singular the tenements, hereditaments, and appurtenances belonging to the property . . . or in any wise appertaining thereto" will be sold at auction to the highest bidder, in order to satisfy a second mortgage of \$75,000 given on January 1, 1919, which was due on January 1, 1920, and which is alleged to have been defaulted.

Covers Whole Plant.

The mortgage was secured by this property, as well as the Otsego Farmer and its subscription list, the American Motherhood and its subscription list, Table Talk and its subscription list, and all other publications of every kind and description owned by Crist or which might be acquired after that time, as well as the good will of the business.

Terms of the sale provide that any and all bidders will offer a certified check for \$10,000 before the property is offered for sale, and that each bid shall be accompanied by a certified check for 10 percent of the bid, with a minimum of \$10,000. The balance must be paid before July 25.

Action to foreclose this mortgage was filed some time ago, and when the case was set for Saturday before Judge Kellogg, the defendants did not put in an appearance, with a judgment by default resulting.

Another Foreclosure Asked.

This, however, is not the only trial that is besetting the Arthur H. Crist company. An action to call, or foreclose the first mortgage bonds, due in 1920, and for the same amount, \$75,000, was filed in the supreme court last week, with fifty percent of the bondholders under this mortgage asking for foreclosure. No date has been set for the hearing of this action. It is said that, inasmuch as virtually the same securities were offered for each mortgage, and as the second mortgage was defaulted, it virtually removed the collateral for the first mortgage. Hence, the action to foreclose.

Three weeks ago, before Judge Kellogg in Oneonta, Charles F. White, vice president of the Arthur H. Crist company, was appointed receiver for the company under the mortgage, but up to date Mr. White has not taken possession of the property as receiver. This will likely come about next week.

Former Oneontans on Otsego Lake.

Herbert and Robert Miller and Daniel Camp, all of Canton, Ohio, returned last week from Canton to Cooperstown and are in camp for about two weeks on Otsego lake, near Five-Mile point. The two former, who are sons of Douglas W. Miller esq. of Cleveland, O., formerly of this city, were in Oneonta yesterday, calling on Mrs. D. C. Yager and other relatives. They will return to Canton next week Friday.

Funeral at Stamford.

The funeral of the late Fred Montgomery, a brother of Mrs. Clyde E. Canfield, whose death at Stamford was noticed in The Star of yesterday, will be held at Stamford today. There will be a prayer service at the residence of H. C. Cook at 1:30 p. m., with the more extended service from the Presbyterian church at 2 p. m.

Visitors from Cleveland.

Mrs. Albert Williams, Mrs. William Terrell, Clyde Millard, Lewis Millard and John Millard of Cleveland, Ohio, were guests of Decoration day of their grandmother, Mrs. J. R. Millard and their uncle and aunt, Mr. and Mrs. L. C. Millard. They made the trip by auto, leaving for home Wednesday.

Arousing Curiosity.

ALICE JOYCE

"VITAGRAPH'S"
The Sporting Duchess

A jealous husband is always ready to believe the worst, especially when he finds his wife in the room with another man. The Duke of Desborough was no different than hundreds of others. His own past had taught him to be suspicious. He becomes ensnared in a chain of circumstances that separates him from all he holds dear. He makes his final play upon the Derby and so does his divorced wife. This forms the basis of one of the most thrilling spectacles ever produced. It held the theatergoers of two continents in its power a score of years ago. Now the film version of "The Sporting Duchess," with Alice Joyce in the stellar role, is creating a greater sensation than the play did at the famous Drury Lane theater in London.

MACHINISTS HOLD SOCIAL.

Witness Safety First Picture and Listen to Pleasing Program.

Last evening at E. of N. T. hall, the members of the International association of Machinists and Helpers held a very enjoyable social evening with a goodly attendance of members and their families. Mr. Long, superintendent of the Safety First department of the D. & H. company, and Mr. Heising were present and displayed the movie picture "The House That Jack Built" for the entertainment of the throng and it was much enjoyed.

Following, three or four musical numbers were given by a quartet composed of Messrs. Chesbro, Rowland, Gessner and Smith, all of which were well rendered. Wolcott's orchestra was also present and contributed several selections for the pleasure of the gathering. The social features of the occasion were also keenly enjoyed.

Year Book of Wyoming Conference.

Through the courtesy of Rev. George H. Prentice, secretary of the Wyoming Methodist conference, The Star is in receipt of an advance copy of the Year Book for 1920, which contains, besides the minutes of the session held in April at Scranton, much statistical and other information of interest to the members of the denomination residing in the conference. Of much value in connection with the book is a two-page map, giving the somewhat irregular boundary lines, alike as regards counties and states, of the four districts of the conference. The Year Book as a whole is evidence of painstaking work on the part of Mr. Prentice, who is a native of Hartwick, but who for the past quarter of a century has faithfully ministered to churches in Pennsylvania.

CHAUFFEURS' EXAMINATION.

Next Test in Oneonta to Be Held Tuesday, June 8th.

Albany, June 1. — While there is now an automobile to every 16 persons in this state, the possibility appears, judging from the number of chauffeurs examined these days, one out of every 50 men or so in the state, being a chauffeur. The demand for chauffeurs is heavy at the present time, but the supply is about equal to the demand. Thousands of men are taking the examination which Secretary of State Hugo is giving throughout the state.

One of these examinations for chauffeurs is scheduled for Oneonta on June 8. It will be held at the High school at 9:30 a. m. and Secretary of State Hugo will send his examiner, Edward J. Murphy, to Oneonta to conduct the test.

A Snap for Little Fellows.

Carnegie started as a little fellow with \$1.50 per week, but accumulated millions, and there are many like him. Cut out that grouch and find out how I give you a better chance than they ever had. For 31 years, big fellows have been fretting, worrying, and studying how to safely invest their money at five percent interest, while with the help of the state and Uncle Sam, I have been giving the little fellows a safe chance to place small amounts at six percent compound interest, in first mortgages on improved real estate, the safest security known. Yes, and they didn't have to fret and pound in order to get their interest or their money when they wanted it, like the big fellows. When little fellows find out how I have thus given them a fair chance and a square deal in safely rolling small amounts up to several million dollars, am still on the job, and have three ways of placing small or large amounts, and that big fellows started as little fellows, they'll quit growling and whining. I am the safe and sane Oneonta Building and Loan association. adv 11

BAPTISTS IN CONVENTION

ONE HUNDRED AND NINTH ANNIVERSARY OF FRANKLIN ASSOCIATION.

Held with First Church in This City—Largely Attended Gathering with Inspiring Addresses by Men Prominent in the Denomination.

The one hundred and ninth anniversary of the Franklin Baptist association and Sunday school convention was held with the First church of this city on Tuesday and Wednesday with a large number of the churches represented and the interest most encouraging. The gatherings were marked by able addresses by men prominent in the denomination and those in attendance gathered much of profit and help from the speeches. Rev. W. D. Clough of Mt. Upton was moderator. The local church entertained the visitors hospitably and the interest throughout was keen. The gathering closed with the evening session of yesterday.

The Wednesday morning session opened at 10 o'clock with devotions in charge of Rev. Dr. Charles S. Pendleton of the Main Street church, after which Rev. M. V. Beckwith of the State Sunday School association made a brief address in which he stated that the schools of the state would all be organized soon on the graded system and the education religiously of the young would be upon a more systematic and satisfactory basis. The workers of the future are to be given more attention and it is time that the education of the youth is given merited attention. His remarks were most encouraging.

Prayer was offered by the Rev. N. S. Burd of the West End Baptist church after which Rev. J. F. Vichert, dean of Colgate university, delivered the annual sermon in place of the Rev. John B. Anderson of Colgate Theological seminary, who was prevented from being present by injuries received in an accident. His text was taken from Romans, 1st chapter, 16th verse, "I am not ashamed of the gospel of Jesus Christ for it is the power of God unto salvation." Dean Vichert introduced his sermon with a discussion of the religious importance of educational work, mentioning the fact that Colgate university, where a large number of students are being trained for the ministry, will receive a considerable share of the funds realized in the recent drive for \$100,000,000.

He maintained the efficacy of the gospel as a solution of present problems saying that the disciples had been confronted with as great or greater problems than those of the post bellum period, in spite of which their message conquered as it will today. He declared that the peace conference was made possible by the power and progress of the gospel and in closing, emphasized the fact that it is adequate to the present and future needs of the world.

After a few brief remarks by the moderator, the report of the nominating committee was read by the Rev. E. J. Farley, the following officers being elected: Moderator, Rev. W. D. Clough of Mt. Upton, vice moderator, Rev. Norman S. Burd of Oneonta, clerk, William M. Dietz of Gilbertsville; corresponding secretary, Henry Saunders of Oneonta, treasurer, L. E. Bronson of West Oneonta.

Pastors who had newly joined the association were then introduced and the appointments of committees was postponed till after dinner. The morning session was closed with a prayer by Dean Vichert. Dinner was prepared for those present at the Lutheran church.

The afternoon meeting was called to order at 2 o'clock and prayer was offered by the moderator, after which it was announced that the basket meeting of the Baptist churches will be held at Mt. Upton in October.

The missionary address was given by Miss Lucinda Johnson of New York, a field worker of the Women's Foreign Missionary society. She discussed the need of missionary work throughout the world, relating the work of the Baptist church in that field. In China, a hot bed of pestilence, the need for trained Christian workers is imperative. Japan's industrial problem needs to be solved by bettering the living conditions of the factory employees, especially women and girls. In Africa, there are practically no schools for women and girls and the pressing problem of that continent is whether it shall be Christian or given over to Mohammedanism, which creed is rapidly spreading. India is a country that is just awakening from a long sleep and needs missionary work. Miss Johnson declared that there is a great opportunity for such efforts in these parts of the world. She spoke of the need for personal missionary education and of the increasing interest that is being displayed by church members in that field of endeavor. In closing, Miss Johnson described notable instances of missionary work and stated that the call to service includes everyone.

The report of the missionary committee was read by the Rev. E. J. Farley, after which the Rev. S. E. Carr of Walton discussed the desirability of Baptist denominational literature in every home for the purpose of conveying information of the activities of the church. He also described the problems and difficulties of several small churches in Otsego county.

Dr. E. B. Richmond of New York addressed the meeting on the report relating to the work which has been done in the recent financial drive and emphasizing the necessity for keeping open every Baptist church. The report was formally adopted.

The report of the committee to appoint the missionary committees, the ordinary committee, the committee on resolutions and the committee to nominate the advisory committee were adopted, the report of the committee on the next session being postponed until evening.

JURY FINDS BUTTS GUILTY.

They Say He Exceeded the Speed Regulations of City Ordinance.

Arthur M. Butts, the well known automobile dealer, who, when charged with violating the city ordinance relative to the speed of motor cars on the city streets on Friday night last, pled not guilty and demanded a jury trial, was convicted in city court yesterday by the jury. Acting as judge, Judge Lynn W. Hathaway, who presided at the trial, sentenced him to pay a fine of \$15, the maximum fine provided by the ordinance. The fine has not been paid, Mr. Butts being given until this morning to confer with his attorneys and decide whether he would appeal from the conviction or not. At the close of the trial he was inclined to believe that he would appeal.

The jury evidently thought that the speedometer on the motorcycle of Traffic Officer O'Dell more reliable and accurate than the judgment of Mr. Butts as to the speed at which he was traveling when stopped by the traffic officer, despite the fact that Mr. Butts, who admitted having driven cars since 1903, had testified that he was driving at from 15 to 18 miles over the stretch of city streets in question and had averaged about 15 miles an hour. Mr. Butts in his direct testimony endeavored to discredit speedometers, testifying that probably 50 per cent of them overstate the speed and are purposely so constructed to sell motor cars. He told the jury that he himself could tell always within a couple of miles of his speed at any time and under all conditions when driving a car. There was some tittering about the crowded court room when Mr. Butts, in reply to a query from Court Attorney VanWoert, who asked him if he frequently drove at 15 miles an hour when entering the city from the east, promptly said "Yes." The titter broke into a laugh when Mr. VanWoert suggested that he was probably driving in a funeral procession on such occasions. While not stated in corroboration of his lack of faith in speedometers and his usual reliance on his own judgment as to speed when driving, Mr. Butts did admit that his speedometer was not working at the time, but thought that it had been working since he received the car.

Officer O'Dell, who trailed him from Sixth street south on Main to Elm before swinging him up, testified that Butts maintained a speed of from 25 to 30 miles an hour from Sixth to Pine street. City Police Commissioner Seybolt testified that Butts was moving from 20 to 22 miles an hour when he swung around the curve on Main street near Maple, and City Judge Frank C. Huntington, who also stood at the corner of Grand and Main on the night in question, stated that Butts was moving from 20 to 25 miles an hour when he passed Maple street.

Mr. Butts testified that he was moving over the section of Main street where he was timed by the traffic officer at from 15 to 18 miles an hour, and that he did not average over 15 miles for the distance named. His testimony was corroborated by Mrs. Butts, who was a passenger in the car, and by another, an employee of Mr. Butts. The jury deliberated but a short time before returning a verdict. Mr. Butts was represented by Claude V. Smith and Hon. George L. Boeckes, and the prosecution was handled by City Court Attorney Lee D. VanWoert.

It Was Midnight-

The Transcontinental was snow-bound on the edge of the Arctic. Inside one of the coaches sat David Raine. He was telling his story. He was running away from a shattered romance and tragedy. He was trying to lose himself. "It was late when I reached home—unexpectedly," said David. "I heard voices from her room. I went in—'No, I didn't kill him. I don't know why. I didn't kill the man. He was a coward. That man. He crawled away like a worm. Perhaps that's why I didn't kill him. And the wonderful part of it, my wife. She was not afraid. She stood up in her ravishing dishevelment. And she laughed! Yes, she laughed. A mad sort of laugh. A laughter of fear perhaps, but laughter.' That's a word picture of the opening scenes in

MRS. JOHN W. SLOAN DEAD.

Former Resident of Oneonta and Sister of William B. Mason.

William B. Mason, night editor of The Star, received a message yesterday announcing the death of his sister, Martha, wife of John W. Sloan, which occurred at 1 o'clock yesterday morning at their home at Nassau of pneumonia. It was known here that she had suffered from a hard cold but no intelligence had been received that indicated a critical condition. The funeral services are to be held at Springfield Center on Friday at 1 p. m. with interment there.

Mrs. Sloan was born at Port Hope, Canada, January 1, 1881, the daughter of the late William J. Mason, long associated with The Star and of Mrs. Emily Mason, still residing in this city. When quite young she came to Oneonta to reside and after attending the Oneonta High and Normal schools graduated from the training class at Unadilla. Afterward she taught at Springfield Center. On October 20, 1909, she was united in marriage with Mr. Sloan, then of the latter place, and they continued to reside there until about four years ago. Of late they have resided at Nassau where she died.

The deceased is survived by her husband and one son, Alfred, her mother, Mrs. Emily Mason and brother, W. B. Mason, both residing here, a second brother, Frederick J. Mason, of Elmhurst, Long Island, a teacher in Greater New York, and by one sister, Mrs. Earl Fisk of Plainfield, N. J. Mrs. Sloan was a young woman exceptionally self sacrificing, always more thoughtful of others than of herself, and always of an even temperament, untroubled by trying experiences. To the last she was mindful of her family and friends. The sympathy of all friends of the family will be extended.

MANY SORROWING FRIENDS

Present at Funeral Service of Frank D. Miller Yesterday — Heartfelt Personal Tribute by Dr. Russell—Many Telegrams and Letters to Afflicted Family — Beautiful Floral Offerings Testify General Sympathy and Regard.

The funeral of the late Frank D. Miller was held at 2:30 o'clock Wednesday afternoon at the family home, 399 Main street, this city. Long before the hour fixed for the service, the spacious residence was filled with an assemblage of neighbors and friends, the business and personal associates of many years, met to pay a last token of regard. Particularly noticeable, also, were the floral tributes, which were abundant and to the last degree beautiful and appropriate. Among them, besides those from neighbors, friends and intimate personal associates, were remembrances from the Oneonta lodge of Elks, the Oneonta club, the Oneonta and Delaware Telephone company and from several social clubs.

The service was conducted by Rev. Dr. James C. Russell, pastor of the First Presbyterian church, who read the 23rd Psalm and the 14th chapter of St. John's gospel—selections of scripture in the highest sense appropriate to the occasion. Following the scripture reading, Dr. Russell, who ever since he came to Oneonta had been a personal friend of Mr. Miller and for the past 15 years his nearest neighbor, delivered an address full of appreciation for the work and worth of the deceased, and of his own sense of personal loss in the departure of one whom he knew so well, and with whom he had lived in such close intimacy. In the course of his address he spoke in particular of the high services of the deceased to his community as a builder and creator, which though time passes will still remain as monuments to his memory.

In connection with his address Dr. Russell read two telegrams, selected from many similar communications and letters, all of them expressive of sympathy and genuine regret. One, which was from a business associate and friend in Okmulgee, Oklahoma, read as follows: "We are shocked and grieved beyond expression. You have lost a noble husband and we a true friend. In fact his going leaves a void in the life of all whom he touched; but we who loved him can find consolation in the fact that it can be said of him: 'His life was gentle and the elements so mixed in him that nature might stand up and say to all the world, 'This is a man.'"

The other, from a life-long friend in San Francisco, says: "My heart goes out to you and yours in the loss of dear Frank, my nearest and best friend. Those who knew him, loved him; for he was a man."

Interment was in the family plot at Glenwood, where a daughter who died in early life was buried. The bearers were Dr. A. W. Cutler, Irving H. Rowe, Walter S. Whipple, Louis C. Gurney, Gilbert A. Lane, J. Fremont Thompson and Charles F. Shellard of Oneonta and George H. White of Cooperstown.

Among those present from out of the city were his son-in-law and daughter, Mr. and Mrs. Charles Addis of East Orange, N. J.; his brother-in-law, George W. Lewis of Portland, Oregon; Mr. and Mrs. George H. White of Cooperstown, and Miss Marie Clapp of Albany.
